

SAN LUIS OBISPO COUNTY
DEPARTMENT OF PLANNING AND BUILDING

2-1

VICTOR HOLANDA, AICP
DIRECTOR

TO: Planning Commission
FROM: Brian Pedrotti, Staff Planner
VIA: Warren Hoag, Division Manager, Current Planning
DATE: June 10, 2005
RE: Godfrey Tract Map (S030062T / TR-2574)

Recommendation: Staff requests that the above-referenced item be continued from the June 23, 2005 Planning Commission meeting to a date to be determined by the Planning Commission pending the completion and noticing of environmental documents.

Background: On March 10, 2005, the Planning Commission continued the above-referenced project to April 14, 2005 pending staff review of additional reports, including a wetlands delineation survey and soil stability analysis. The item was continued again on April 14, 2005 to June 23, 2005 after the submitted reports required revisions and additional review.

These additional reports are still under review. Staff is requesting a continuance of the item to an undetermined date to provide time for additional environmental review and noticing of the environmental determination.
